Rezoning Procedure

- 1) The owner of the land to be rezoned obtains the application from the Rusk County Zoning office and fills it out.
- 2) The owner then asks the town board in which the parcel of land exists to approve the request/application.
(Note: contact the clerk of the township and ask to be put on the agenda for the town board meeting at least 1 week before the meeting.)
- 3) The board approves or denies the application. The clerk notifies the owner of the decision of the board.
- 4) If the application is approved the owner next sends/takes the application to the county zoning committee for approval.

The procedure for the county zoning committee is listed on the application and involves a public hearing and approval by the Rusk County Board of Supervisors.
